

User Manual for Luvvitt® Ultrathin Keyboard Cover With Backlights

Establishing Connection/Pairing Your Keyboard Cover with Your iPad:

- 1. On your keyboard case, turn the power switch on. The bluetooth status indicator light will illuminate for a second, and then it will turn off.
2. On your iPad, go to Settings> General > Bluetooth and make sure the bluetooth is set to "On"
3. Press the connect button on your keyboard cover. The bluetooth status light will start blinking to indicate that your keyboard cover is discoverable.
4. Select "Luvvitt Ultrathin KB Cover" on your iPad. You will see a pin code on your screen.
5. Enter the code using your keyboard and press enter on your keyboard.

Your keyboard is now paired to the iPad and you can start using your keyboard cover.

Charging the batteries:

When the battery level is low, the power indicator light starts blinking.

Please plug the Micro-USB cable into the micro-USB port of your keyboard cover. Plug the other end of the same cable into a powered USB port on a computer.

The red power indicator light will stay on while the keyboard is charging and will turn off when the batteries are fully charged.

While it is also possible to charge your keyboard cover by plugging the cable into a wall adapter, we only recommend charging via computer powered USB port as the wall outlet carries the risk of electrical surges which might damage your keyboard cover's electrical units.

Energy Saving Sleep Mode:

Your keyboard case will automatically go into sleep mode when it's inactive for 15 minutes. To re-activate your keyboard case, just press any key and wait for a few seconds.

To extend the battery life we recommend powering off the keyboard cover when it's not going to be used for a long period of time.

Short-Cut / Hot Keys:

- Displays the iPad home screen
Decreases brightness of display
Increases brightness of display
Hide/Show touchscreen keyboard
Plays a slide-show of your pictures
Launches the iPad search function

Fn + 5 Selects text on right, word by word
Fn + 6 = Cut
Fn + 7 = Copy
Fn + 8 = Paste
Lightbulb + Up arrow = Changes the backlight color

Troubleshooting:

My iPad does not recognize the Luvvitt Keyboard Cover

- Make sure that your Bluetooth connection is set to "on" on your iPad by checking under Settings>General>Bluetooth
Power off your keyboard cover and turn it back on.
Turn off your iPad by holding the home and power buttons of your iPad simultaneously and then slide the "power off" button on your iPad's screen. Then restart your iPad and try to establish bluetooth connection again.
Make sure to press connect button on your keyboard cover while your iPad is searching the Bluetooth devices.
When your iPad is searching for Bluetooth devices under Settings>General >Bluetooth, it will show "Luvvitt Ultrathin KB Cover" and "Not Paired". Select that line to retrieve a password and enter it on your Luvvitt Keyboard Cover to establish a bluetooth connection.

LUVVITT Hardware Product Limited Warranty

Luvvitt warrants to the original purchaser that your Luvvitt hardware product shall be free from defects in material and workmanship for the period of 1 year, from the date of purchase. Except where prohibited by applicable law, this warranty gives you specific legal rights, and you may also have other rights that vary under local laws.

Luvvitt's entire liability and your exclusive remedy for any breach of warranty shall be, at Luvvitt's option, (1) to repair or replace the hardware, or (2) to refund the price paid, provided that the hardware is returned to the point of purchase or such other place Luvvitt may direct with a copy of the sales receipt or dated itemized receipt. Shipping and handling charges may apply except where prohibited by applicable law. Any replacement hardware will be warranted for the remainder of the original warranty period of thirty (30) days, whichever is longer or for any additional period of time that may be applicable in your jurisdiction.

This warranty does not cover problems or damages resulting from (1) accident, abuse, misapplication, or any unauthorized repair, modification or disassembly; (2) improper operation or maintenance, any usage not in accordance with product instructions or connection to improper voltage supply; or (3) use of consumables, such as replacement batteries, not supplied by Luvvitt except where this restriction is prohibited by law.

Limitation of Liability: LUVVITT LLC SHALL NOT BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES WHATSOEVER INCLUDING BUT NOT LIMITED TO LOSS OF PROFITS, REVENUE OR DATA (WHETHER DIRECT OR INDIRECT) OR COMMERCIAL LOSS FOR BREACH OF NY XPRESS OR IMPLIED WARRANTY ON YOUR PRODUCT EVEN IF LUVVITT HAS BEEN ADVISED OF POSSIBILITY OF SUCH DAMAGES.

Federal Communication Commission Interference Statement.

This equipment has been tested and found to comply with the limits for a Class B digital device. Pursuant to part 15 of FCC regulations, these limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates radio waves and, if not installed and used in accordance with the instructions, may cause damage to nearby radio or television reception, which can be determined by turning the equipment off and on.

This device is a FCC Regulations compliant device is subject to the following conditions: (1) This device may not cause harmful interference received. Including interference that may cause undesired operation.

FCC Caution: Any change or modifications not expressly approved by the parent company could void the user's authority to operate this equipment.

FCC Radiation Exposure Statement:

- 1. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance.
2. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

Battery Warning! There is risk of personal injury or explosion if batteries are replaced by incorrect type, mutilated or exposed to conducting materials, heat, fire, liquid. Do not replace or mix battery types. When you will no longer use the keyboard, remove damaged or consumed batteries by prying off the top cover of the keyboard with a screwdriver, detaching the battery from circuit board and dispose according to local laws.

Power Supply Warning! Caution fire hazard/electric shock! For indoor use only. Exposing the device to moist, liquid, heat or fire might cause personal injury. Do not use any other power supply other than the one provided with your device.
